○ no

Abstract (30 lines of text or less)

The CFAR Cores are available for pre-submission consultations at no charge to the applicant. (https://cfar.duke.edu/cores) These grant preparation support services include, but are not limited to:

- PI Status Requests
- Statistical/Bioinformatics Review
- Specific Aims Review
- Experimental Design
- Quality Assurance
- Study Design, Implementation and Analysis
- Database and Biorepository Access
- Scientific Consultations
- Research Question Review
- Specimen ID/Procurement
- Letters of Support
- Literature Reviews
- Community Engagement Support

The use of these services is highly reccomended for a successful application and should be scheduled early in the grant writing process. Letters of Intent will be shared with all CFAR Cores and all appropriate pre-submission services will be offered to you. If you would like to directly request a service to speed up the process, please click below and choose all that apply.

Request a pre-award consultation from a CFAR Core
