ABOUT THE CONFERENCE

The annual INTEREST Conference is the premier scientific conference for HIV in Africa. It brings together scientists involved in HIV treatment, pathogenesis, and prevention research from around the world. The conference provides a platform to share pivotal findings, promote collaboration, and transfer experiences. It also provides young researchers with a unique opportunity to present their work, attend mentoring sessions with senior scientists, and network with their peers.
ABSTRACT SUBMISSION OPEN

Abstract submission deadline 28 January
Co-submission with the 24th International AIDS Conference (AIDS 2022) is allowed!

We invite young investigators, researchers, and other healthcare professionals from all over the world to submit their findings for INTEREST 2022 via the online abstract submission portal.

Abstracts will be allocated as oral, mini-oral, or poster presentations, and may be submitted in either English or French.

Abstracts accepted for oral or mini-oral presentation will be eligible for travel and accommodation support.

The registration fee will be waived for all abstract presenters with an accepted abstract.
